**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: The IDS submitted on 12/20/2006 has been considered. The closest prior art known to the Examiner is listed on the PTO 892 and IDS forms of record. None of the references anticipate or make obvious forming support collars that extend around individual capacitor bottom plates of the plurality of capacitor bottom plates, the supporting collars being *interconnected with one another and having openings therein which expose the base dielectric layer*, and etching the base dielectric layer through the *openings in the collars to expose sidewalls of the plurality of container capacitor bottom plates*, wherein *subsequent to etching the base dielectric layer the supporting collars support the individual capacitor bottom plates of the plurality of container capacitor bottom plates*, as required by the presently claimed invention. Therefore, Claims 1-12 are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
